RE: ML 26755 Gemstone

Dear Mr. Berry:

I do not have a copy of your plan of operations for mining and reclamation on the above numbered lease. As you are aware, Article XII of the lease agreement, as amended January 2, 1982, requires that you notify this office prior to conducting mining operations on the lands. In order to remedy this oversight, please immediately send me a detailed plan of operations in accordance with the enclosed summary of notification requirements.

It is also required that a bond be posted to cover your operations under this lease, as per Article XII of the lease. Accordingly, please immediately submit a surety bond in the amount of \$2,000 using the enclosed bond form.

Failure to comply with the above requirements within 30 days may result in forfeiture of this lease.

I also want to make reminder that Utah State Mining Law requires that you file a plan of operation with the Utah Division of Oil, Gas, and Mining if your activities at this lease site exceed two acres. Even if the operation remains under two acres you should file a "Declaration of Exemption" from the Mined Land Reclamation Act with that office:

Division of Oil, Gas, and Mining
Room 4241 State Office Building
Salt Lake City, UT 84114

Please contact me should you have any questions.

Sincerely yours,

RECEIVED
